Visiting Team:

- All athletes should go through the Covid-19 screening before being allowed to travel.
- Buses will drop off players in the parking lot and all players/spectators will enter the stadium through the double gate on the east side of the stadium. Buses will park on the west side of the gym by the dumpster area.
- Opposing teams are required to arrive to competition dressed and ready for play, as locker rooms cannot accommodate a full team given the distancing restrictions.
 - The visiting locker room is split between the two locker rooms on each side of the concession stand in the south endzone. It is highly recommended that players come dressed and ready to play. It is recommended that the visiting team staggers the players getting dressed by position group or alphabetically if they need to do any last minute equipment/jersey changes.
- Only essential team staff members will be allowed on the sideline during competition.
- Opposing teams will be responsible for providing and developing their own hydration plan for their athletes.
